EVERFLEX SWIM, WOMEN, 2MM

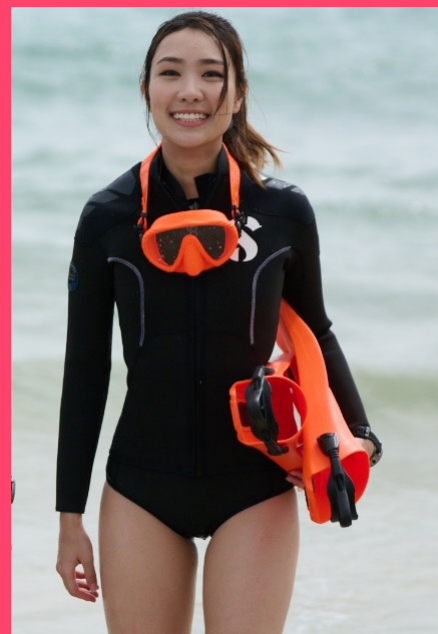

This stylish swimsuit, made from all-natural Yulex rubber, is the ideal garment for pool training or ocean swimming in warm climates. It can also be worn as a first layer in an exposure protection ensemble.

- Suit is assembled with flat-lock seams using a solvent-free glue, better for divers and the ocean environment.
- Pure Design Concept uses fewer seams and panels to maximize comfort and range of motion.
- Vertical front zipper makes donning and doffing quick and easy.
- Available in 4 sizes.

TOP UP YOUR GIFT For extra warmth, layer it with:

EVERFLEX YULEX 3MM LONG SLEEVES

This functional 2-piece ensemble is an alternative to the Everflex Yulex® 3/2MM steamer. Designed with the Pure Design Concept, where fewer seams and panels are employed to maximize comfort and range of motion, both top and pant feature blind-stitched seams and come with a black stretch polyester outside/inside lining. To provide 100% four way stretch material, the most comfortable combo suit ever built for scuba.

GIFT FOR HIM

DEFINITION STEAMER, MEN, 1MM

Delivering optimal comfort and flexibility, this lightweight steamer is made with 1mm X-Foam neoprene with a Nylon 2 Sides lining.

- Can be worn for pool training, as a warm-water wetsuit, or as a base layer for thicker wetsuits.
- Flat-lock seam construction is comfortable against bare skin.
- Body Map System features special tailoring and material inserts to compensate for the stresses of the human body.

64.063.X00

CRUISE COAT, MEN

The cruise coat is esigned to protect you from cold and wet weather while onboard the dive boat or on the shoreline.

GALILEO 3 (G3)

The Galileo 3 (G3) is SCUBAPRO's premium watch-style dive computer, combining a sleek design and color display with a classic time-piece look.

- Firmware can be user-updated with LogTrak 2.0 iOS or Android app
- Choice of 2 selectable algorithms
- 3 dive modes: Scuba, Gauge & Apnea.
- Optional Heart Rate Monitoring (sold separately) lets you track your heart rate while diving or when engaged in topside sports.

S-TEK FINS

A new addition to SCUBAPRO's S-Tek line of technical diving equipment, the S-Tek Fin is a purpose-built, next-gen technical diving fin providing maximum power when you need it.

- Clean Water Blade and Vented Blade design reduces drag and increases thrust.
- Removable Stainless Steel Weight Plate System lets you choose between a positively buoyant, neutrally buoyant, or negatively buoyant fin.
- The S-Tek Fin's two-piece design, with blade and foot pocket molded separately, makes transport easy.
- Compatible with Seawing Supernova foot pockets.

MK25 EVO/S620 Ti CARBON BT 60TH ANNIVERSARY EDITION

SCUBAPRO celebrates its 60th anniversary as a dive industry innovator with an iconic limited-edition regulator, the MK25 EVO/S620 Ti Carbon BT 60th Anniversary Edition. that provides a shiny, deep black finish with higher scratch and oxidation resistance.

- This special limited-edition regulator comes in a FSC-certified wooden box engraved with both SCUBAPRO and 60th Anniversary logos.
- The 60th Anniversary Edition MK25 EVO first stage features a special Black Tech, DLC-based coating
- The protective end cap includes a distinctive “60 Year Anniversary” print in red.

While supplies last!

S-TEK PURE SYSTEM PACKAGED SETS

Technical divers who subscribe to the DIR (Doing It Right) approach to streamlined and minimalistic equipment configurations will appreciate SCUBAPRO's new S-Tek Pure back plate/wing system. This simple yet rugged system consists of a continuous-web harness teamed with a revolutionary designed 3D formed stainless steel back plate and a donut wing.

The system is available with either a 30-, 40- or 60-pound-lift donut wing, with the 30 and 40 wings being suitable for single tank diving and the 40 and 60 wings for twin tank diving.

FOR HIM/ HER/ YOURSELF

DEFINITION PACK 24

The new Definition Pack 24 is a modern backpack designed for everyday use.

- Made from new recycled two-tone gray fabric with a black inside lining sporting the SCUBAPRO logo.
- Padded inside pocket is sized to fit a tablet or laptop.
- Backpack straps, web waist strap and top handle make this an easy bag to carry around.
- Dimensions (approximate): 28x14x62cm, Weight: 0.674kg, Volume: 24L

STEEL COM MASK + APNEA SNORKEL

Steel com mask is a dual-lens frameless design offers the lowest possible internal volume, plus it compresses on descent, an advantage during deep freediving descents.

Made from flexible, non-toxic silicone, the upper barrel on this versatile surface breather can be removed if you prefer to use a shorter pipe. The snorkel easily attaches to your mask strap when being used. When not needed, it can be folded and stowed in an accessory pocket.

GO SPORT FIN

SCUBAPRO's GO Sport fin features a "boot-fit" design, enabling divers who wear boots when giant-striding into cold water or negotiating rocky shore entries to benefit from the proven kicking performance of the original Tester's Choice-awarded "bare-fit" GO fin.

- Power Bars on the underside of the rails prevent over-flex to maintain the optimum angle of attack under high load conditions.
- In-water performance delivers speed, power, stability and maneuverability with a minimum of effort.
- Innovative Piggy Back Stack system interlocks one fin blade into the other, creating a snug pairing that makes packing and traveling that much easier.
