To our Valued Galileo Luna and Galileo Sol Consumers:

Our records show that you recently purchased a UWATEC Galileo Luna and Sol dive computer that may be a part of a voluntary recall being conducted. We are writing to inform you of details of that recall.

We learned from a small number of consumer communications that certain Galileo dive computers experienced screen freezes. **No injuries have been reported.** Out of an abundance of caution, and consistent with our safety-first philosophy, SCUBAPRO is voluntarily recalling dive computers with specific serial numbers.

The affected products are UWATEC Galileo Luna and Sol dive computers with these serial numbers:

Galileo LUNA: from **150422 0058 001** to **150903 0338 005**

Galileo SOL: from **150423 0202 001** to **150921 0001 005**

Galileo Luna:

**LOOK FOR SERIAL NUMBER**  
FROM - 150422 0058 001 to 150903 0338 005

Galileo Sol:

**LOOK FOR SERIAL NUMBER**  
FROM - 150423 0202 001 to 150921 0001 005

***If your UWATEC Galileo Luna or Sol dive computer does not have a serial number in the ranges listed above, then it does not fall within the scope of this recall.***

To determine if your computer is part of this recall, look for the product serial number stamped on the back of the computer, as well as printed on labels affixed to the back and side of the product package. **If that number is one of those listed above, you should stop using it immediately and return it your authorized SCUBAPRO dealer or to us directly. Please download any dive logs you wish to retain prior to returning the dive computer. The attached Recall Form must be completed and included in your return package.**

To obtain a prepaid-postage box, please call us at **045-489-4800** between 9:30AM and 5:30PM Time. You can also visit us online at [www.scubapro.com](http://www.scubapro.com) and click on "Galileo Recall" for more information or call our Technical Service Team at 045-489-4800. **A free replacement unit will be shipped to you as soon as possible.**

We sincerely regret any inconvenience this may cause you, and thank you for your understanding and continued support.

Sincerely,

SCUBAPRO JAPAN
