SIZE NOTE: These charts are intended to act as a guide only. We recommend that all suits be tried on to ensure a perfect fit. Wetsuit chart applies to the following: Everflex Wetsuits & Hooded 2.5 & 5mm Vests, Skin Suit, NovaScotia Semi-dry, Profile 0.5, Sport 7mm Semi-Dry, Sport 3, 5, 7mm Steamers, Oneflex Wetsuits, Tropical Steamer, Pyroflex Steamers & Tops, Hybrid Jane & Shorty, Hybrid Cargo Shorts. Everflex wetsuits offer a tighter fit while Definition wetsuits tend to be more generous. Everflex suits are built with high-stretch neoprene and numerous high-stretch neoprene panels that provide a tighter fit initially, but stretch after a few dives. Definition wetsuits, in contrast, have fewer stretch panels so tend to maintain their original cut after a couple of dives. Your SCUBAPRO Dealer can help you find the perfect fit.
