UPF COLLECTION

SCUBAPRO

ALL DAY PROTECTION WITHOUT SACRIFICING STYLE

SCUBAPRO's new UPF Collection protects divers against harsh UV rays, stings and abrasions. The perfect choice for before, during and after a dive, the UPF Collection stands up to the elements – and stands out anywhere. Designed to be worn by themselves – or under a wetsuit to increase warmth and make donning a wetsuit a snap.

DESIGNED FOR PERFORMANCE. WORN TO BE DIFFERENT.

NOT ALL RASH GUARDS ARE CREATED EQUAL

That's why we set out to create the ultimate collection for divers. Crafted with the best high tech fabrics with design details divers appreciate and featuring the industry's highest UV protection, you'd know it was SCUBAPRO even without the iconic "S".

LIVE YOUR LIFE IN DIVE MODE

Tailored for higher expectations; with the long-lasting performance you trust, the UPF Collection includes dive leggings, steamers, rash guards and loose fit tops. With over 30 different pieces, there's certain to be a style and colour that suits you.

WE'VE GOT YOU COVERED

You'll have the peace of mind knowing we've got you covered – all of our pieces are at least UPF 50, which means approximately 98% of UVA and UVB rays are blocked.

What's more, our T-Flex range has the industry's highest protection rating – even when it is wet and stretched. Earning the coveted UPF 80, that means 99% of UVA and UVB rays are blocked, keeping you protected for up to 13 hours, even while on the water.

PERFECTLY SUITED TO FEMALE DIVERS

The Women's UPF Collection was designed specifically for the female diver by female divers. Flattering cuts, details and colours are combined in a broad range of products from dive leggings to rash guards.

THE LINE UP

UPF 50 // RASH GUARDS AND STEAMERS

Don't sacrifice style for sun protection. For all-around water sports activities - wherever your passion for the water takes you. Approximately 8 hours of protection for Skin Type I [fair skinned, red/blonde hair, blue eyes].

UPF 50 CHANNEL FLOW // LOOSE FIT TOPS

Perfect for before and after the dive. Unique channel construction features a one-way wicking design that draws moisture away from the body and toward the surface layer where it can evaporate faster. Approximately 8 hours of protection for Skin Type I [fair skinned, red/blonde hair, blue eyes].

UPF 80 T-FLEX // RASH GUARDS AND LEGGINGS

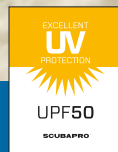

The industry's best protection in a broad range of flattering options. Headlining the UPF Collection, the ultimate in comfort and protection before, after and during the dive. Approximately 13 hours of protection, wet or dry, for Skin Type I [fair skinned, red/blonde hair, blue eyes].

UPF 50 SWIM // RASH GUARD

The perfect choice for pool training. Stylish and functional, it features a chlorine-resistant treatment. Approximately 8 hours of protection for Skin Type I [fair skinned, red/blonde hair, blue eyes].
