

NOVA 850

SCUBAPRO

The Nova 850 delivers intense illumination, ideal for lighting up the dark spaces and bringing out the vibrant colours on night dives as well as day dives. It is machined from heavy-duty aluminum so is both lightweight and built to last. It's also easy to use. A 50% mode allows you to increase burn time if you don't need the full power. For divers looking to brighten their dives, the Nova 850 is the perfect choice.

Depth-Rating

of 150m ensures worry-free lighting in virtually all diving conditions.

Light beam

Nova 850 with 8° [Spot] and Nova 850 WIDE with 80° [Flood] beam angle available.

850 lumen illumination

and 17.000 Lux at 1 m, with the CREE XPL LED at 4200° colour temperature.

Burn time

up to two hours on full power.

Aluminium body

in matte black with blue accents offers a stealthy «Tech» look while providing lightweight long-term durability.

Extended light head shroud

prevents the light beam from blinding other divers.

Over-pressure valve

releases battery off-gassing.

Two versions

available in a rechargeable [Nova 850R] and not rechargeable [Nova 850] version.

Measures and Weight

Nova 850: 253 x 45mm
