

# NOVA 2100 SF

SCUBAPRO

The powerful Nova 2100 SF [Spot Flood] multi-use dive light offers both a 65° wide beam and a 15° spot beam adapt to different diving situations. Five light modes plus an emergency signal mode provide lots of versatility, with one-button control for easy operation. Both lights come with a wrist lanyard, rechargeable battery, charger and spare part, all packed in a zippered EVA carry case.

## Dual beam:

65° wide beam with powerful 2100 lumen and 15° spot beam with 800 lumen.

## Depth tested

up to 100 meters.

## Burn time

up to 55 minutes at full power and constant brightness.

## Isolated battery compartment

protects internal components from water intrusion.

## Over-pressure valve

releases battery off-gassing.

## Simple one-button control:

power on and off, brightness adjust and beam angle switch.

## Five primary light modes:

100% Flood, 50% Flood, 100% Spot, 50% Flood + 75% Spot, 25% Flood +
